Yes ☐ No ☒

When was it completed?

Personal Circumstances

Do you have any caring responsibilities? No

Are there any other personal
circumstances you want to tell us about? No

Care leaver

Yes ☐ No ☒

Programme understanding

What is your understanding of the
programme you are applying for?

The apprenticeship is funded by the Government through the Kent Business College and is offering me the ability to understand the next level in my career to become a Marketing Manager. It will allow me to understand how to build marketing strategies to implement into my workspace, understand how AI is

	impacting marketing and how best to utilise this, and how I can further my knowledge in the industry in order to drive innovation and structural strategies into my work.
--	---

How will this programme help you in your career development/aspirations and/or with your progression?	The apprenticeship will help me reach the next level from a marketing executive to marketing manager and gain further insight into the wider strategies involved with marketing campaigns, SEO, AI capabilities and social media. I am looking to gain a deeper understanding of how to produce innovative marketing strategies and present these to stakeholders and understand the data behind the process to fully lead marketing campaigns and a team.
---	--

Additional information
